Soil Type:	<i>Rocky fragments, sandy clay loam</i>	Fermentation:	<i>Stainless steel</i>

Winemaking

The wine is made exclusively from the free-run juice of our estate Cabernet Sauvignon. It was fermented in temperature-controlled stainless steel tanks. Fermentation was done to dryness with no malolactic fermentation. There was no use of oak as our aim is to allow this exceptional fruit to show off its purest and fullest expression.

Tasting Notes

An elegant, dry, ruby-red Rosé. Bright, vivid aromas of red and dark berry. Deeply flavored but not heavy with potent red & black currant and blackberry flavors, with notes of baking spices. Wine is supported by a solid tannic structure and has solid finish. The result is a distinct wine with vivid flavors and elegance as some of the best Provencal rosés. A very easily paired food wine.

About Pretty Sally

Pretty Sally Vineyard, established in 1996, is family owned and operated. The vineyard is located 40 miles north of Melbourne in Central Victoria, Australia's historical winemaking region and site of the 1860s gold rush. Bordering the famous Pretty Sally Hills, the estate consists of 110 acres planted to vines. Maritime breezes and moderate elevation (1100 feet) make this a temperate site with a long growing season, resulting in wines with elegance, great depth and European in style. Sustainable, earth-friendly farming is strictly implemented, with a relentless focus to manage a "clean" vineyard to yield pure wines. We farm to less than 3 tons/acre to encourage intensity and character.
